

Roster for Grounds Maintenance St James from 1 October 2016.

First of all -thanks for the way you have performed since July.

I will need to give you another chance to excel before Christmas and I hope once every 3 months is not onerous. Once again if you cannot do the task as allocated, then please contact someone else on the roster. At the moment I am waiting for some experts in the congregation to advise on how we can replant some of the rectory gardens, and this should reduce maintenance for us and David Smith.
